

Ginger's Resume

Ginger is a Cat

Owner's Name: **Mr. and Mrs. Cat**

Phone Number: **555-555-5555**

Email Address: **cat@example.com**

Training

Pringles was trained to stay off of furniture, listen to commands and use the litter box at Pet Labs in 2014. We recently took her to a refresher course and plan to take her again every two years. Pringles uses the litter box. She likes to play with her favorite scratching post.

Experience

Ginger has lived in an apartment since I got her in 2013. This apartment is perfect for Ginger because she loves to stair out windows, and this apartment has a lot! Ginger has all of the vaccines required by the state. She likes to play with other animals. She used to visit with my neighbor's cat and dog at our last apartment

Community Service

I frequently donate to the Cats Charity Foundation in Ginger's name.

About Ginger

Ginger is almost 4 years old. I got her in 2013, and I am her first owner. She weighs 5 pounds. I keep her hair trimmed to two centimeters. Ginger is an indoor cat. Ginger cuddles herself under my bed when it is thundering. She likes to play a mouse catching game on my iPad. I love that Ginger is good with my nieces and nephews. They love playing with her tail.

How I Care for Ginger

Ginger is spayed, microchipped and she wears a flea and tick collar. I groom Ginger once every three weeks at Pet Labs, which has a location in this city. Ginger is registered in Online County. Ginger will visit Dr. Feline at Pet Labs. The Pet Practitioners to file her teeth and nails every visit. I will exercise Ginger at the Historic park. There are lots of flowers there, which Ginger loves playing with. Ginger will stay in the bathroom of the apartment while I am at school and with my mom while I am on vacation.

Skills

Occasionally, Ginger kills mice and brings them to the foot of the trash can.
